

NO CURE, NO PAY

Dr. McLaughlin's Offer to Weak Men.

My Electric Belt is a positive cure for weak men. It gives the vitalizing power of electricity direct to all weak parts, restoring the full, natural vigor of manhood. It removes all the effects of youthful errors and excessive indulgence. I want every weak man, every man who is not the man he should be, to use it, and to tell his friends of its surprising effects.

Pay for it When Cured.

After you are cured you can pay me, and then the price will be only half what is asked for the old-style belts, which have been hissing and burning the backs of their wearers for the last thirty years. My belt is three times as strong as any of the old belts, and is the only one that does not blister the skin. Write for my 32-page book, with information. Address:

IT WAS SUICIDE

Coroner's Jury Renders That Verdict in the

MAUD COUCHMAN CASE

Testimony of the Witnesses at the Inquest.

Coronial investigation into the death of Maud Couchman resulted in the following verdict: "We, the jury, find that Maud Couchman resulted in the following shot wound from a 3-caliber pistol held in her own hand, with suicidal intent for reasons not clear to this jury."

The statement was signed by the following jurors: Dr. Pratt, Dr. Parr, J. H. Tuttle, Geo. A. Jager, D. D. Donnelly and E. E. Enoch.

The dead girl's 11-year-old sister, Bertha, was the first witness to be called at the inquest. The examination was conducted by County Attorney Sam Amberson.

Bertha Couchman said: "The entire family, including Maud and myself, were at home most of the day. Frank Stuff came in at about noon time and remained until late at night. There was no whiskey or any other kind of liquor about the house. After supper Frank and Maud were sitting together on a couch in the dining room. Later Frank said that he must go home, to which Maud replied, 'I'll go with you.' She then went into the south bed room, closely followed by myself. She sat down on the floor and, taking Frank's revolver, she placed it to her right temple. I said, 'O, Maud, don't do that.' She then remarked 'Go and tell mamma.' Just as I left the room she fired the shot."

Frank Stuff was the next witness to take the stand. He said, "I was about 2 o'clock Friday afternoon when I went to the Couchman home. I had a half pint bottle of whiskey with me and all of us took a drink. Bertha and Maud took some. I got the bottle filled again just before supper. At the table all who were present again indulged. Some time after supper I remarked to Maud that I was getting drowsy and thought it was time to go home. She answered, 'Well, I'll go with you.' She went into the other room and soon after fired the shot. Just two weeks ago I took eighteen grains of morphine from her, some of which she had taken. The pills had longed to me, but I let Mrs. Couchman have it at her request. Maud attempted to commit suicide about one year ago by taking morphine, but we succeeded in relieving her. I am a married man and live at 212 North Water street."

Sold North Water was the third witness to take the stand. He said, "I was at the Couchman home at the time of the shooting. I was standing on the rear porch. She denied that there was any whiskey about or that any of those present had been drinking."

Mrs. Couchman was the last witness and said as follows: "Maud was just as happy as any one could be and I don't think that she committed suicide. I am rather inclined to think that the pistol was discharged by accident. Yes, we had some whiskey, but just how much I don't remember. All of us took some of it."

Mrs. Couchman then related what she knew of the shooting, which, in substance was like that of her daughter, Bertha.

The funeral services of the late Maud Couchman will be held at 3 o'clock this afternoon at the Catholic church, 224 North Water street. Friends of the family are invited to attend.

MISS MORRISON AND MRS. CASTLE.
Their photographs in the windows of Palace Furniture Store.

Mr. J. A. Richards, proprietor of the Palace Furniture Store, at 101 North Main street, struck on a novel plan to make his store popular this week, and he succeeded in doing so, as evidenced by the great crowds of people standing in front of his show windows from early morning until late at night, looking at the photographs of Miss Jessie Morrison, Miss Castle and Miss Clara Wiley Castle, which were displayed in the windows and proved a great attraction. Everybody wanted to see the pictures of the women who fought with razors. Ladies would drive up in carriages and stop to look, and but few people passed the store without stopping and studying the physiognomy of the two women. Mr. Richards certainly succeeded in making his store popular.

BLEEDING PILES.
And All Other Forms of this Common and Annoying Disease Cured by the Pyramid Pile Cure.

Thousands of men and women suffer from some form of piles without knowing the exact nature of the trouble, or knowing it, carelessly allow it to run on, using the simple means of a radical cure.

The failure of salves and ointment to cure piles has led many sufferers to believe the only permanent cure is to be a surgical operation, but surgical operations are dangerous to life and moreover very expensive and by no means always or even often, successful.

The safest and surest way to cure any case of piles whether bleeding, swelling or itching is to use the Pyramid Pile Cure, composed of healing vegetable oils, and absolutely free from mineral poisons and irritants.

Headache at Pittsburgh, Pa. after suffering severely from bleeding piles, writes as follows:

WEAKNESS MEANS COLLAPSE!

The Great Builder of Strength, Power, and Health is Dr. Greene's Nervura.

Life is not the same as strength. Weakness may undermine the stately structure, and nobody dreams of danger until the fatal collapse comes.

So it is with the body. You may look well but lack vitality. Poor blood and weak nerves may have undermined the constitution.

Do you have any of the many forms of dyspepsia, biliousness, or indigestion? Are you unable to sleep well and unable to get proper rest when you do sleep? Do you worry? Are you startled at every unexpected sound? Do you have the blues? Does everything go wrong with you? Are you troubled with headaches, nervous exhaustion, weak, tired feelings or palpitation of the heart?

These are some of the symptoms of impure blood and weakness and prostration of the nervous system. Thousands of people worse off than you are have been quickly and permanently cured by

Dr. Greene's Nervura

BLOOD AND NERVE REMEDY

the wonderful restorative of health, strength, and vigor. Everybody needs this greatest and best of all curative remedies.

MR. A. L. BARTGES, of Loganton, Pa. says:

"I have used Dr. Greene's Nervura blood and nerve remedy. I was a regular weak, nervous, and almost in despair. I was formerly a hard drinker. When I commenced the use of Dr. Greene's Nervura I got an appetite and could eat well, and my desire for strong drink left me. I was very nervous, and at times my head felt as though it would upset me, but now I am well and strong and feel like a new man. I can eat anything and sleep well, and where I once weighed but 100, I now weigh 185 pounds."

"I say to all who wish to be healthy and strong, I would advise them, if sick, to use Dr. Greene's Nervura, the great blood and nerve remedy. I am selling all kinds of proprietary medicines in my drug store and know what is said of them all; but whenever I feel nervous and run-down, I use Dr. Greene's Nervura and thank that remedy for the good results, and I like to handle it because I know the value of it by experience on myself."

Relief from the depression and despair which characterize blood and nerve diseases is indeed cause for thanksgiving. Under the magic influence of Dr. Greene's Nervura blood and nerve remedy, the better part of Nature asserts itself and we want to tell the good news to all the world. This is why Dr. Greene's Nervura has thousands of testimonials from people high and low, rich and poor, who wish that other sufferers may share in their own health and happiness, by using this greatest of remedies.

Dr. Greene invites free consultation and gives examination and advice free or by letter, at his office, 35 West 14th Street, New York City. All letters are strictly private and confidential.
